PROPOSED PRESS RELEASE

#72

The Third Pan American Consultation on Geography today ended a 9 day session on the theme "Geographic Planning for Resource Development," held in the International Conference Suite of the Department of State. Representatives of 17 American Republics and Canada were present and observers from the following international organizations: United Nations, Organization of American States, United Nations Educational, Scientific, and Cultural Organization, Food and Agriculture Organization, Inter-American Defense Board, Inter-American Statistical Institute, the International Geographical Union, and the Pan American Institute of Geography and History. Brazil sent a delegation of 19, one of the largest delegations in years from that country to an international technical conference.

The Consultation was sponsored by the Commission on Geography of the Pan American Institute of Geography and History and held under the auspices of the U. S. Government. The geography consultations are held every 2 or 3 years in different countries of the Americas to develop and report on programs carried on by committees during the years between consultations. The First Consultation was held at Rio de Janeiro in 1949 and the Second at Santiago, Chile, in 1950.

The next 2-year work program mapped out during the Consultation includes: colonization problems, field studies in critical areas, resource development, multi-national preparation of a Geography of

SECTION IV - GEOGRAPHY OF THE AMERICAS

FIRST REPORTOF THESUBCOMMITTEE ON RESOLUTIONS
(July 30, 1950)

In accordance with the expressed desire of the Section on the Geography of the Americas that its Subcommittee on Resolutions examine questions relating to the preparation of a Geography of the Americas and present to the Section the results of its deliberations, your Subcommittee herewith submits a proposal, in the form of a resolution, for further discussion and subsequent action by the Section:

RESOLVED:

I. That the Geography of the Americas be prepared for a public of higher cultural level and as reference material for professors of higher education for whom it will offer complete and current information concerning all aspects of the geography of the Americas;

II. That, with respect to the scope to its various parts, this work be based, in so far as possible, on conditions previously accepted, as follows from the foregoing definition;

III. That funds for the preparation and publication of the Geography of the Americas be obtained from the PAIGH and from subsequent proceeds derived from the sale of these publications;

IV. That minimum standards in the preparation of this work include objectivity of approach, regional treatment and description based on present knowledge, emphasis on the originality of the American geographic scene, technical definitions which will be specified by the Committee on the Geography of the Americas, and publication in the official languages of the PAIGH;

SECTION IV - GEOGRAPHY OF THE AMERICAS

Draft Resolution No. 2

Submitted by Dr. Angel RUBIO (PANAMA)

SUBJECT: Preparation of the Geographic Dictionary of the Americas

The undersigned, Delegate of Panama and National Member for Panama on the Commission on Geography and a Member of the Committee on Geography of the Americas, has the honor to submit the following draft resolution for the esteemed consideration of the Third Consultation on Geography:

WHEREAS

- (a) In previous assemblies and consultations of the PAIGH, the preparation of an American Geographic Dictionary was agreed upon;
- (b) This agreement was again ratified at the Second Consultation on Geography and Cartography held at Rio de Janeiro in 1944;
- (c) Such agreements are prior to the definitive establishment of the Commission on Geography of the PAIGH;
- (d) It is obligatory that the aforementioned agreement now be entrusted to the Commission on Geography;

The Third Pan American Consultation on Geography
RESOLVES

- (1) To reaffirm the prior resolutions adopted by assemblies and consultations of the Pan American Institute of Geography and History in order that it may proceed to prepare a Pan American Geographic Dictionary;
- (2) To entrust this work, as well as the preparation of a progressive plan of execution which will have to be submitted for discussion and approval to an early consultation on geography, to the Committee on the Geography of the Americas;

SECTION IV - GEOGRAPHY OF THE AMERICAS

Draft Resolution No. 3

Submitted by Dr. Angel RUBIO (Panama)

SUBJECT: Plan for Periodical Publications

The undersigned, Delegate of Panama and National Member for Panama on the Commission on Geography and a member of the Committee on Geography of the Americas, has the honor to submit the following proposal for deliberation by the Committee on Geography:

WHEREAS

(a) It is necessary that the Geographic Review of the PAIGH regularly and periodically fulfill its function as a vehicle for the publication of hitherto unpublished works and current bibliographical information and, in general, for reporting the progress of the activities of the Commission on Geography of the PAIGH;

(b) It is necessary to increase the dissemination of the knowledge of geography both among teachers and among the general public, which purpose may be attained through the publication of a review of a more popular nature;

(c) It is advisable to publish an American Geographical Bibliography similar to the Bibliographic Bulletin of American Anthropology which the PAIGH publishes;

(d) There is also need for an American Geographic Almanac or small Geographic Yearbook, of a popular nature,

The Third Pan American Consultation on Geography

RESOLVES

(1) To agree to the regular and periodic publication of a Geographic Review, to publish an up-to-date, annotated, and evaluated section on bibliography, and a section on documentation and geographic information, in addition to the original works and studies which its publications committee may select. This review shall retain its character as a higher scientific organ of the Commission on Geography.
